### Two-Faced Policy

To The Dallas News:

In The News, Jan. 27, on page 5 appeared an article about the United States shipping 50,000 tons of rice to Russia. On the very next page was another item where CIA Chief John A. McCone was in Spain "trying to persuade European nations not to extend aid to the already weakened Soviet economy."

Just another glaring example of our two-faced foreign policy.

D. HOPKINS.
